Want to roll over an HSA? We make it easy.

If you’ve recently changed jobs or just want to consolidate your accounts, transferring your health savings account (HSA) from your former job to Optum is easy with our online inbound rollover feature. There are no paper forms to fill out, and you don’t have to wait weeks or even months for your money to roll over.

Follow these easy steps:

1. Visit optumbank.com, log in to your account and select “Rollover funds to your HSA” under the “Self Service” section.
2. Enter the account number of the HSA you wish to transfer and the amount to be transferred.

Your funds will be available in your Optum Bank HSA within three to five business days. When they’re ready, we’ll send you an email confirming that your funds are available, and then you can close your old account.
