CONNECTING YOU TO YOUR CARE

MyChart is a secure, convenient way to stay connected to your health.

With Cheyenne Regional's MyChart portal, you can access your medical records, test results, medications and more anytime from your computer or mobile device.

Activate your account today and get connected to your care.

STAY ON TOP OF YOUR HEALTH

- View test results as soon as they're ready
• View your medications, allergies, health issues and immunizations
• Request medication refills
• Track preventive care and overdue screenings
• View and manage your care goals and to-do tasks

TOOLS FOR HOSPITAL STAYS

- Use MyChart Bedside to view your care schedule and care team
• Learn about your conditions
• Share important information about your health
• Record important information for later
• Make non-urgent requests (e.g., fresh linens, snacks)
• Track your newborn's care if you're a new parent

CONNECT WITH YOUR CARE TEAM

- See your full care team and their contact info
• Message your doctor or clinic staff securely
• Ask medical questions and receive guidance
• View letters and messages from your providers
• Complete questionnaires

BILLING AND INSURANCE

- See your balance and make payments online
• Sign up for paperless billing
• Get estimates for care costs
• Update your insurance details easily
• Qualifying patients can apply for financial assistance

MANAGE YOUR APPOINTMENTS

- View past and upcoming appointments
• Schedule or cancel visits online, including sick visits
• Complete eCheck-In from home to save time
• Access telehealth/video visit instructions and attend virtual visits

CUSTOMIZE AND SECURE YOUR EXPERIENCE

- Set your preferred notification options (texts, emails, phone, push notifications)
• Personalize your profile and photo
• Use two-step verification for extra security

ACCESS CARE FOR FAMILY (PROXY ACCESS)

- Stay on top of everyone's appointments
• Update personal and family history, allergies and medications
• Assist family members who need extra help, from your account.

USE MYCHART ON THE GO

- Download the MyChart app on your phone or tablet
• Do everything listed above anytime, anywhere
